

REPRESENTATIVES OF FNN ATTENDED A CAPACITY BUILDING WORKSHOP ON ORGANIZATIONAL MANAGEMENT

By FNN: December 22, 2014

Fifteen representatives of FNN's cooperatives together with other 14 members from CFAP attended a capacity building workshop on "Organizational Management" on December 16-17, 2014, at Baitong restaurant, Phnom Penh, with financial support of Medium Term for Cooperation Program-2 (MTCP-2) through technical support of Asian Farmers' Association for Sustainable Rural Development (AFA). The workshop was organized by CFAP, where twenty-nine people, including three women, attended the workshop. Mr. Seoung Sohearath and Mr. Hou Sorith were trainers and key resource person of the workshop.

Objectives of the workshop were:

- To open space for members of FNN and CFAP could share and learn from each other with regard to successful management and challenges of self-help saving groups and their cooperatives; and
- To give opportunity to both members of FNN and CFAP could learn and share about advantages, disadvantages and practical experiences and theoretical knowledge on Organizational Management and set strategic plan for their cooperative development.

Results achieved:

The workshop generally provided theoretical knowledge on cooperative and development, and capacity building of leading and managing an organization. The participants could also learn some best practical experiences from each other. In general observation, most participants were satisfied with the workshop. Members of FNN and CFAP, through MTCP-2 project, could build mutual cooperation, solidarity and networking.
